We want to talk to you this week about stoves, both cook and heating stoves. No, it is not too early to remind you of heating stoves. We sold a big lot last year and expect to sell more this year. We was under all competitors last year on prices. We will do better this year. We showed a big line last year; we will show a larger line this year. Our famous coal heater is the "German" the best soft coal stove we know anything about. It will heat more surface with less coal, and less gas and dirt and keep fire longer than any stove sold in Butler. We can furnish you the names of many people who have used them for three winters. You can ask them all about it. We have Four hard coal stoves on exhibition now. The Acorn people commenced to make hard coal stoves in the hard coal region in 1830, and have been at it continuously ever since, and make to-day THE BEST HARD COAL STOVE ON EARTH. Come in and see them. They will burn the Arkansas hard coal as well as the Pennsylvania.

Among our Round Oaks, we have the Acorn, White and Gem City, all first class heaters and fire keepers. We also carry a large line of wood heaters, monkey stoves with or without ovens. In Cook Stoves and Ranges We have a large line on the floor now. We sell a first class, six holes same stove with 15 gallon full copper reservoir at \$30.00. We have a few of the Acorn's best wood cook stoves which are worth, every place, \$25, we will close them out at \$16.10. If you can use a straight wood stove here is a big bargain for you. We sell a No. 8 cook stove (wood) fully warranted at \$10.00. We have several good second hand coal cook stoves to close out cheap. We show a strong line of combination coal and wood cook stoves at \$18 to \$20. We invite you to come in and see the largest, prettiest and best line of stoves it has been your privilege to look upon in Butler.

Saws, planes, chisels, squares, hammers, hatchets, pad locks, door locks, pocket and table cutlery, razors, files, monkey wrenches, all kinds of staple hardware at CUT PRICES. Don't miss this sale on Queensware, at a big reduction. Many lines must be closed out.

We want your butter, eggs, chickens, &c., for trade or cash. Don't get impatient if we don't get to you as quick as you think we ought to, it will pay you to wait and we will appreciate it very much.

Will Visit This County.
The Department of Publication of the Missouri World's Fair Commission has begun the collection of county statistics upon which Walter Williams will base his "The State of Missouri," the 500 page volume through which means immigration will be induced during the World's Fair. Mr. Williams and the Assistant Superintendent, R. A. Hocken-smith, will visit various Missouri counties in endeavor to present concisely and accurately each individual county's adaptabilities, advantages and commercial wants in the matter of manufactures, agriculture, horticulture and other industries. The State is investing \$50,000 to the end of preparing the volume, which will be distributed free, with judiciousness, at the Missouri building, during the World's Fair. It is thought by many Missourians that the plan adopted for acquainting outsiders with the true conditions of Missouri will preage the greatest period of development the State has ever known.

Scandal Upon Scandal.
Philadelphia Record.
Not for twenty-five years has the Federal public service been so honey-combed with crookedness as it is at the present time. The administration would like to cleanse its Augean stable, but it cannot. How did the multifarious Post-Office Department scandals, the army contract scandals, the Indian land frauds—not only the lately disclosed frauds in Oklahoma, but the older frauds in Utah—occur? Entirely through political influence. The men who exerted that influence are as strong as ever. If the present and the late administration could not prevent the mischief the present administration can still less undo it. If it should make a genuine effort to do so it would split the Republican party from top to bottom.
The scandals have got pretty close to the top. Secretary Hitchcock is an honest gentleman, but he has friends, and some of them seem to be very much "on the make."

How Large a Library of Missouri Books?
A striking feature of the Missouri State building at the World's Fair will be a library containing only Missouri books. The Department of Publication of the Missouri World's Fair Commission, of which Walter Williams is superintendent and F. J. Moss, of St. Joseph, is chairman, is planning such an exhibit. The Department is desirous of having the names of all Missouri authors that copies of their books may be obtained for exhibit. This display will cause many eastern folks—and some Missourians, too—to open wide their eyes.

Finished Prison Term.
Kansas City, Mo., Aug. 24.—Will Prince, whose term in the penitentiary expired Monday, has been restored to citizenship. He may now vote and enjoy all the other privileges of any other citizen of Missouri.
The papers signed by Governor Dockery, making this restitution, were received by G. B. Silverman, Prince's attorney, this morning. The papers read, "pardon for restoration of citizenship."

MISS BRYAN'S LIFE WORK.
To Be a Second Jane Addams is Her Ambition.
Chicago, Aug. 23.—Mrs. W. J. Bryan and daughter, Miss Ruth Bryan, left to-night for their home at Lincoln, Neb., after having spent several days in this city. One of the objects of the trip was a visit to the Hull House settlement at Halsted and Polk streets, an institution supported by charities for the benefit of the poorer classes and conducted by Miss Jane Addams, the noted sociologist. It is the intention of Miss Bryan to take up the settlement work, becoming a member of the Hull house staff early in the fall.
Miss Bryan, who is 19 years of age, is the eldest daughter of William Jennings Bryan. She has been a student at the University of Nebraska during the past ten years. She is a young woman of unlimited energy and with an ambition to accomplish something in the way of assisting the class of children fostered by Miss Addams and others interested in such work.
The Hull house was founded in a small way through the efforts of Miss Addams about ten years ago, and with the assistance of wealthy and philanthropic people has extended in scope until it has become one of the leading factors in sociological work in the country. Miss Bryan and her mother have been deeply interested in the settlement for a long time, and while the position will involve something of a sacrifice to Miss Bryan, she feels that she will be engaged in pleasant and meritorious work.

A Deaf Mute His Accuser.
Jefferson City, Aug. 23.—John Woolery, a tramp fisherman, was placed in jail to-night on the charge of murdering "Ed" Marshall, a negro, at Osage City last night. There was only one eyewitness to the murder, a deaf and dumb negro about 15 years old. Woolery, it is known, had quarreled with his victim and when the latter was found, his head beaten to a pulp, suspicion attached to Woolery. When he was taken into custody the boy told, in sign language, that he had seen a man beating Marshall over the head with a plank, slipping up on Marshall, who was asleep near a well. The boy picked Woolery out from a crowd of over 100. Woolery denies all knowledge of the killing, but the coroner's jury ordered him held.

Over-Work Weakens Your Kidneys.
Unhealthy Kidneys Make Impure Blood.
All the blood in your body passes through your kidneys once every three minutes. The kidneys are your blood purifiers. They filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work. Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.
Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries. It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.
If you are sick you can make no mistake by first doctoring your kidneys. The mild and extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail. Home of Swamp-Root, free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

Ayer's
Why is it that Ayer's Hair Vigor does so many remarkable things? Because it is a hair food. It feeds the hair, puts new life into it. The hair cannot keep from growing. And gradually all the dark, rich color of early life comes back to gray hair.
"When I first used Ayer's Hair Vigor my hair was about all gray. But now it is a nice rich black, and as thick as I could wish."
